

Snaking Columns with Different Widths

Example 1: Narrow Left Column (200pt) + Wide Right Column (*)

Content starts in the narrow column and overflows to the wider column.

Example 2: Wide Left Column (350pt) + Narrow Right Column (*)

Content starts in the wide column and overflows to the remaining space.

Example 3: Three Columns with Mixed Widths

*Content flows through three columns: 150pt, *, and 100pt.*
